

SRUJANAVANI

SNAPSHOT OF QUARTERLY ACTIVITIES

APRIL'20 - JUNE'20

HIGHLIGHTS FOR THIS QUARTER

RATION FOOD DISTRIBUTION AND PPE DISTRIBUTION DURING COVID-19 PANDEMIC

AN OPPORTUNITY IN THE CRISIS - RURAL WOMEN EMPOWERMENT

ONLINE CLASSES AND TEACHING TO POLYCET STUDENTS

MASK PREPARATION

Women have always been central to our interventions. Women who were trained at our Skill Development Center have seen an opportunity in crisis period by attempting to develop cloth masks. Till date 55000 masks were sewn by 13 women, representative of the resilient attitude they possess. This measure helped support their family incomes as well.

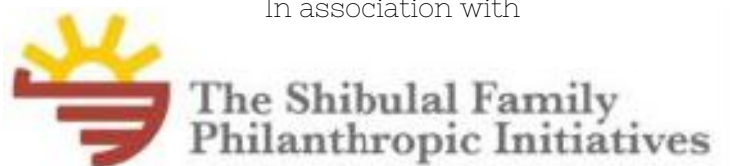

GROCERY KITS DISTRIBUTION

Shortage in food supplies have taken a dip during this pandemic. 1400 grocery kits have been distributed to the most needy people in 14 blocks of rural and tribal households. In this Shibulal foundation sponsored for 1000 grocery kits. We have reached to the locations which don't have any access, thanks to our volunteers who made it happen.

**Thanks to our Donors,
Well-wishers and
Sponsors**

In association with

RELIEF TO STYRENE GAS LEAK

Unfortunate events unfolded with Styrene gas leak from LG Polymers Unit. Standing with the victims we supported 200 persons with hot cooked meals as immediate relief.

DRY RATION TO MIGRANTS

Sudden lock down has resulted in loss of livelihoods and thereby out-migration of migrants from cities to their villages. Desperate migrants in precarious conditions of life have started walking to their destinations. Touched by the plight of these migrants, 500 energy kits were distributed to the in-migrants at Kasimkota and Anakapalle checkpoints.

DONATION OF PPE KITS

Novel Coronavirus has resulted in acute shortage of personal protective equipment (PPE) across the country. Srujanavani through its outreach has been able to mobilise 200 Units of PPE & N95 masks and extended it to the District Collector.

ONLINE POLYCET COACHING

Education has been one of the worst hit during this pandemic. Students preparing for various competitive exams have been left in lurch. Leveraging the digital technology, Srujanavani has undertaken Free PolyCET training to students through digital platforms. We were able to train 100 students spread across Andhra Pradesh as opposed to our regular model of limiting to students of Visakhapatnam district.

Srujanavani Polycet group have conducted many tests and they have organised online classes also. Daily we used to have a test, I have used my uncle's mobile for taking the test. Weekly, sirs used to send the achievers' list. Without these tests and classes, I may be feel bored and neglect the studies. Thanks to Srujanavani.
